COVID-19 PANDEMIC: PRECONDITIONS FOR THE STUDENTS' PRESENCE IN THE SCHOOL BUILDING

Following the publication of the technical advice expressed by the Scientific and Technical Committee about the current Covid pandemic at the Civil Protection Department on 28th May 2020, with particular reference to the "general organisational measures" and to the Committee's recommendations involving families or holders of parental responsibility and students of age, we inform you as follows:

the precondition for the students' presence in the school consists in:

- the absence of any respiratory symptoms or of fever, that is body temperature above 37.5° C, even in the 3 preceeding days;
- not having been in quarantine or in home isolation in the last 14 days;
- not having been in contact with Covid-positive people in the last 14 days.

Measuring body temperature is NOT required at the entrance to school.

Whoever has a fever (i.e. body temperature above 37.5° C) or any respiratory symptoms MUST stay at home.

Therefore, we refer to the individual responsibility of those exercising parental authority with regard to minors' health conditions.
